

## How to Use the Oral History Association Membership Site

### ❖ Log In

- The OHA membership system identifies members by email address and password.
- The first time you use the site, type in your name and email address on the right side of the home page and click “Sign Up.” The system will search to see if your email address is already in the database.
  - If you are an OHA member with an email in the system, you will be prompted to create a password. Once you have taken this step, you may login to the website on the left side of the homepage as a “returning member.”
  - If you are an OHA member but the system does not find your email address, please contact OHA so that we can update your email address.
  - If you are joining for the first time and do not have an email in the system, you will begin the process of becoming a member.
